

OR LOOK AT THIS CODE...

```
if (isNewsApp()) {  
    window.location = 'bbcnewsapp://visualjournalism/pageloaded';  
}  
else if (isInsideIframe()) {  
    window.postMessage('pageLoaded');  
}  
else {  
    removeLoadingSpinner();  
}
```

DOESN'T IT LOOK BETTER LIKE THIS?

```
import wrapper from 'wrapper';  
wrapper.markPageAsLoaded( );
```

```
://visualjournalism/pageloaded';
```

```
    window.postMessage( 'pageLoaded' );  
}  
else {  
    removeLoadingSpinner( );  
}
```
